

Roblox Account Creation

For Students

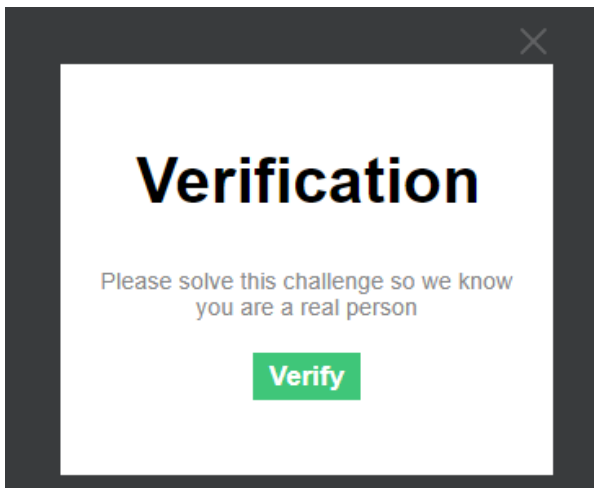

To play or create on Roblox, you need a free account.

1. In a web browser, go to roblox.com. Type in the needed information and click **Sign Up**.

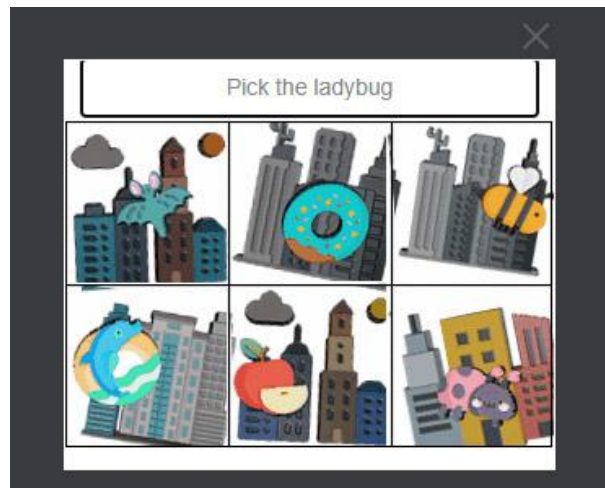

Tips for Creating a New Account

- **Never share passwords** - even with a real-life friend
- **Make your password hard to guess** — If your username is “bloxcool,” your password should not be “bloxcool123.”

2. You may need to do a CAPTCHA challenge. To start, click Verify. Then, read the instructions for each challenge.

Captcha Prompt

Example of a Challenge

3. Keep your account username and password somewhere safe, so you can always **remember** later.

For Parents

Roblox is a trusted education tool that values safety and privacy. For more information, go to <https://corp.roblox.com/parents/>
